

GrapeLink NZ Terms & Conditions

1. While GFAP Pty Ltd and New Zealand Winegrowers Incorporated, including Sustainable Winegrowing New Zealand (together, the **Parties**), use reasonable endeavours to ensure that the information, alerts and functionality is accurate, the Parties do not make any representation or warranty that any material on or related to GrapeLink NZ will be wholly reliable, accurate or complete. This includes, without limitation, information in relation to legal or regulatory limits.
2. To the full extent permitted by law, the Parties shall bear no liability or responsibility arising in any way in relation to GrapeLink NZ, including, without limitation, from errors or omissions.
3. Except where expressly stated otherwise, material on GrapeLink NZ is provided for record keeping purposes only. It is not intended as advice and must not be relied upon as such. You should make your own enquiries and take independent advice tailored to your specific circumstances prior to making any decisions.
4. You acknowledge that the Parties are not responsible for, and accept no liability in relation to, any other users use of, access to, or conduct in connection with your GrapeLink NZ account in any circumstance.
5. Earliest Harvest Dates calculated for blocks associating with Other Winery or wine companies that do not have service arrangements with GFAP Pty Ltd, are calculated using NZ domestic PHI's in the Spray Schedule. You should not rely on this date to be used by the wine company purchasing grapes from these blocks. Many wine companies will apply PHI's that are unrelated to the NZ domestic PHI's in the Spray Schedule.
6. You agree to fully indemnify and hold the Parties harmless against any expenses, costs, loss (including consequential loss) or damage that the Parties may suffer or incur as a result of or in connection with your use of, access to or conduct in connection with GrapeLink NZ.
