

Record Applications / Process Operator Sheets

1/9/2026

The screenshot shows the GrapeLink NZ v2027 interface. The top navigation bar includes 'Vintage', 'Vineyard Blocks', 'Sprays & Applications', 'Winery Declarations', 'Maturity & Weights', 'SWNZ Harvest Dates', 'Messages & Updates', 'Operators & Equipment', and 'Inventory'. The 'Sprays & Applications' menu is open, showing options like 'Create Application Record', 'View Application Records', 'View Application Records - Calendar View', 'Create Product Amount Used CSV', 'Create Block Application Overview', 'View Product Amount Used (Vintage Overview)', and 'View Product Amount Used (Detailed)'. The 'Messages & Updates' section shows a 'Planned Applications' alert with a red border and the text '(1 requiring attention)'. The 'Tasks' section shows a 'Planned Applications' alert with a red border and the text '(1 requiring attention)'. The 'Updates' section shows a 'Selection Droplists' alert with a red border and the text 'On main report selection droplist when keyboard characters are entered on the application form'.

1. Select **Create Application Record** under **Sprays & Applications** to display screen below.

The screenshot shows the 'Sprays & Applications' screen. The 'Create Application Record' form is displayed. The 'Application Method' is set to 'Foliar'. The 'Winery' is set to 'All'. The 'Vineyard' is set to 'All'. The 'Variety' is set to 'All'. The 'Block Group' is set to 'All'. The 'Growth Stage' is set to 'Please select...'. The 'Create Application Record' button is highlighted in pink. The 'Next' button is also visible.

2. Select **Application Method** and click **Next** to display your block list in the screen below. Use filters to limit the blocks available for selection.

The screenshot shows the 'Sprays & Applications > Create Application Record' screen. The 'Create Application Record' button is highlighted in pink. The 'Growth Stage' is set to 'Please select...'. The 'Create Application Record' button is highlighted in pink. The 'Next' button is also visible. Below the form, there is a table of blocks for selection.
